SPY HUNTER

A Premier CM-Gimmick Rallye

TOP SECRET

Rallye Profile:

A Road Rallye is not a race but a test of your ability to follow instructions over a pre-determined route. By catching the "tricks" and "gimmicks," you'll find course-markers. The more good course-markers you find; the better your score.

Help Code:

There will be a 6pm Rallye School for Beginners, Novices, and First Timers to go over the basics and at 5:30pm a Senior/Expert Meeting to review e-mail questions on the advance GIs.

Agent Briefing:

Not much stands between the liberty of the free world and the evil ambitions of NOSTRA's diabolical leader. "Not much but me!"

Yes, you and a high tech vehicle capable of transforming itself from a sports car into a boat and a motorcycle. Excitement is your business.

A quick glance at the onboard computer and adjustment of the shoulder straps make you ready. "Smoke Screen and Oil Slick don't fail me now!" you think as you drive on. A familiar Henry Mancini theme plays in your head as you prepare to once again outwit your nemesis.

System Requirements:
