Rallyemaster's Comments:

We would like to thank everyone for coming out to run even with the threat of rain in the sky. This rallye started because Nick found Kilkenny Ct and thought it was just too good not to use. I think this was by far my favorite rallye to write to date. Well maybe I should say to put on to date, the Stefanisko rallye writing team has about four more fun rallyes in the works that will be coming to a parking lot in Mountain View very soon. Some of our upcoming features include; The Amazing Rallye (with the assistance of some other very wonderful Rallyemasters), Monster Mash the Musical (get out your oboe and tune it up), Indecision 2008 (do you know who I'm going to tell you to vote for yet?) and Survivor Silicon Valley (who will you give the 1,000,000 points too?) A special congratulation goes out to now Experts, Dave Moen and Keith Anderson on their perfect score. We would also like to congratulate Darin and Michelle McGrew on getting a perfect score for the 2nd month in a row. We have two honorable mentions we like to extend. The first is for Car Number 15, Michael Saari and Judith Palalay, for attempting to run the entire rallye on an electric bicycle in less than ideal weather. The second is for Car Number 1; Kevin Lewis who drove all the way to Paradise, CA to pick up his navigator, Kim Victoria, of course that isn't that big of a deal considering he drove all the way from Rhododendron, OR, to run the rallye. Now that is commitment.

How did you do in comparisons to everyone else? Check it out below:
