Classes: 1 = First Timer, B = Beginner, N = Novice, S = Senior, E = Expert, M = Master Expert

Notes: A = Won Award, T = Won Tie Breaker, P = Protest Affected Score

Two protests were granted, both based on the gimmick for RI 12 (Second & Fillmore, second approach) being being equally applicable for RI 2 (Second & Fillmore, first approach).

Rallyemaster's Observations

As with past questionnaires, some gimmicks were both someone's favorite gimmick and someone else's least favorite gimmick, but this time, one car listed the same gimmick as both their favorite gimmick and their least favorite gimmick. Overall, the favorite gimmicks were having the Grinch as a passenger and the effects of having the Grinch as a passenger.

I wrote Toy Rallye 2004 nine years ago, and it was both my first Toy Rallye and my first A-B rallye. This rallye “borrowed” the Grinch theme, the flier artwork, and some concepts from that rallye, but was otherwise a new rallye, with a completely different route and many new gimmicks.

A big THANK YOU to everyone who made this rallye possible:

- Larry Friedrich, Kiyoshi Hamai, and Bill Jonesi who prechecked;
- Mel Boss, Tom Carey, Dave Ellis, and Kiyoshi Hamai from Golden Gate Lotus Club, who worked the checkpoints and provided cookies;
- Nick and Teresa Stefanisko, our illustrious awards committee;
- Ed Slintak, TRC’s treasurer, who worked registration; and
- All of you! We hope to see you again in February at TRC’s annual membership rallye!
