I hope you enjoyed the rallye. 54 teams registered and 45 teams finished. Entries were from 15 US states, plus Pakistan, France, and Indonesia. We supported 22 different charities.

Thank you to everyone who made this event happen. Much of the credit for the success of this event belongs to them. I deeply appreciate everything they did. They were all very generous with their time and they have taught me so much. As you can see from the chart below, many of them wore several hats.
