Many thanks to pre-checkers Steve Beuerman, Glen Dayton, Larry Friedrich, Abby Grossman, Ken Johnson, and Jill Rafael, and to the Vaccination Station workers Glen Dayton and Abby Grossman.

Thanks also to registration workers Eric Anderson, Steve Hartwell, and Dean Stanton, and to all who participated in this event!

Hardest gimmicks: Only one car got each of RI 9, using the Levin Ct sign and RI 22, being ONTO after executing the other part of the RI. Two cars got each of RI 36, re-receiving the Lambda variant at the vaccination station, and RI 40, doing everything for the Ithaca ONTO at the right place. Three cars got VS 7 for answering Quarantine when asked what RI they were working on.

We hope to see you all on our next event, **Press Your Luck**, a virtual gimmick rallye, on Saturday, March 26. Please check our website at <https://www.therallyclub.org> for information on this and other upcoming events.

Thanks again for joining us,
Dave Graubart and Cris Wendt
