I really enjoyed writing this rallye that played around a bit with order of precedence.

Thanks to all who prechecked. Eric Anderson, Dean Stanton, Clayton Castle, Larry Friedrich, Steve Beuerman, Bob Hirsch

Thanks to Ric Goldman for website updates.

Further thanks to Dean Stanton (who wrote and managed the scoring program) and Eric Anderson (who worked the help desk and created the flyer). Both of them also worked the CP and answered my constant emails and phone calls at all hours of the day for over a month. And thanks to Dave Graubart who co-wrote the original rallye with me while we were both students at UCSB in 1976.

I'm very appreciative of everything I have learned from you all.
