

Redwood Region PCA proudly presents the Summer Rally School

A Free* Event on July 16th
Open to Everyone

This is an entry-level event for people who enjoy tours and want to learn about rallies in a stress-free environment, but experienced rallyists will also benefit by attending.

PCA membership is not required and all cars are welcome. A navigator is required and additional occupants are welcome.

The Summer Rally School will include classroom presentation and four practice rallies: a gimmick rally, a traditional time-speed-distance (TSD) rally, a Monte Carlo rally, and modified Monte Carlo rally. You will learn how to use the Richta Competitor app and the Scoreboard app to compare your score to other cars and to see a real-time map of all cars on the rally. We will also look at the Rallymaster app to understand how it can be used to create different GPS checkpoints.

What:

- Lecture & discussion of rally basics
- Four practice rallies with breaks to discuss learning objectives:
