Many thanks to pre-checkers Steve Beuerman, Larry Friedrich, Abby Grossman, and Matt Poppe, and again to Abby for helping staff the Checkpoint and Help Desk. And to Darin and Michelle McGrew who wrote the original in-person rallye on which this was based.

Thanks to all who participated in this event!

Hardest gimmicks: Only 6 teams got each of RI 18 for doing the RI appearing below a jump prior to doing the jump, RI 40 for correctly executing the bad-looking Kellogg's instruction, and CP 10 for continuing with the Kellogg's instruction into the CP early.

We hope to see local rallyists at our next in-person event on February 4 and the rest of you on our next virtual gimmick rallye on a date to-be-determined. Please check our website at <https://www.therallyclub.org> for information on all upcoming events.

Thanks again for joining us,
Dave Graubart and Ric Goldman
