

## The Redwood Region Proudly Presents Devil's Gulch 2023 A Monte Carlo Rally

Devil's Gulch returns in 2023. The 112 mile rally is open to any car, regardless of make or model and PCA membership is not required.

Rallymasters Jerry and Renee Wachtel report that all roads are paved, public, and in good condition. The event includes a break at the historic Washoe House in Petaluma.

Non-staffed GPS checkpoints will be used, so a smartphone will be required. The free GPS app should be downloadable before the rally; instructions will be provided. You may use any rally equipment or apps you want, however, the GPS app will not function if other rally apps are running on the same device. Bring a second device if you plan to use another rally app.
